The depth and texture created through this technique enhance the emotional and visual spirit of this **timeless work of art**.

About the Artist...

Creatively capturing the beauty that surrounds me has been a central theme in my life. That drive to create brought me to my formal education as an artist. I studied art at both St. Olaf College and the Minneapolis College of Art and Design, receiving a degree in studio art. With this experience and education, I opened my first portrait studio in 2002. The creation of BW Portrait Art in 2006 allowed me to provide photographic portrait services, and to create original portrait artwork for my clients. It also gave me a location to create and display my illustrative artwork.

For me, there is no better feeling than creating a piece of artwork that makes an emotional connection with another person.

SECOND: We will schedule an appointment for your portrait session that is convenient for you and your family.

THIRD: We will set up an appointment for you to return to view your images and place your order (usually set for about 4-10 days after your session).

LASTLY: Because Brady's creative time is in demand, we ask for a small, refundable reservation deposit to confirm your appointment. The deposit is credited to your account and all of it will be applied to your portrait order.
